The Parly Pross Euris Euriss.

Hongkong, December 11rd, 1888,

In a memorial to the Throne on the Yellow River works Wu Ta-cheng commences b saying that doctors in prescribing for a dis- and her dock was not ready. ease are always careful in the first place to ascertain its cause, and sick people in taking medicine ought to see that the prescription suits the particular nature of their complaint. Perhaps Wu considers himself a the transportation of mails and convicts. competent river doctor, if we may use the term, but no one knows what his qualifications are. It would at all events, in such a well to call in other experts for consultation. The control of rivers is a well understood issued for his arrest. branch of engineering science in Western countries, while in China it is in a most zudimentary stage. Wu goes on to say :--on the duties of his present office, he has been day after day on the river banks engaged in making enquiries from the old people in the country as to the condition of things in the past, and has tested their statements by comparing them with historical records. He has thus become convinced that the trouble with the Yellow River in Honan. far from being incapable of remedy, is reall due to the want of a proper method of treatment. The present system of raising embankments and protecting them with fascines is not a far-sighted policy, and what is really wanted is the construction of breakwaters to divert the current and save the embankments from being worn away, by keeping the volume of the water in the main channel of the River." Wu's opinion that the dieaster is not incapable of remedy may the King of Siams had been engaged on a place they refer to him more politely as the venerable afford temporary comfort at Peking, but as of legal business in the course of which an alterthe breakwater system has been tried cation took place, resulting in cross charges of ing priest "How long since his death?" He and has proved ineffectual in the past the prospect of its success—on—this—oc-casion is not so bright as could be wished. Possibly the breakwater system may be theoretically the best, and its former ing Hongkong on 3rd February. She will be failure be due to neglect of the necessary an officer romoved one of the few remaining -atone-breakwaters and in the following year the breach at Haing-tse occurred. Conceding, for the sake-of argument, that the is the best that could be adopted in the circumstances, the substantial construction of the work is of no less importance, than Japan Gazette. correct theory. The Chinese, though they works, have not profited by it to gain a thorough knowledge of the subject; the wholeengineering talent of the Empire would be found incapable of conceiving or carrying to a successful issue works such as those on the river Tees, a section of which

is now thirty chang in width (say 350 feet) -having been reduced from 550 chang, and NI WEN-WEI, a member of the former Commission, in a report to the Throne on the condition of the works, takes credit to himself and his colleagues for what has been accomplished. According to the Chinese Times " Abstract of Peking Gazettes " the report " is really a vindication of the action taken by Li Hung-TSAO, Li Ho-nikn, and himself in suspending operation until after the Autumn freshets. As the only remaining member of the River Commission as originally constituted, he reminds the Throne that under its regime the break was reduced from 550 chang to about 30 chang in width, and that the postponement of the work was British steamer Whampon for damages in con- ations cannot fairly be regarded as a test of the necessitated by the approach of the freshets. A similar postponement for two tion of damages and costs was referred to the with the Vulcan works for a new large ta months took place in former years in repair. Registrar and Assessors. The Japan Gazette steamer for the Australian line at a greatly in ing the great breach at Chung-mou, that occasion nearly half of the total work was swept away during the interval, while in the present instance the repairs have not the scour through the opening has at times been tremendous." That the credit Nr substantial nature of the work already accomplished-at a cost, it may be remarked, several times in excess of its real value—is due, is most sincerely to be hoped. But the memorialist can hardly be ignorant of the fact that the operation of closing the breach will become increasingly difficult as the two at Hongkong, dated November 16th, 1888. From "The railway of this Company between Tienends of the embankment approach each other. and that it is in effecting the final juncture that failure is most to be feared. If, how- to the Consul there that Forbes had been in his sonal inspection of it, has applied to the Adever, the scheme of turning the stream into its old channel by the digging of a canal prove successful, the closing of the breach of New Gons of the Monte de Veide group. One tension. The expenses, however, being very was once asked why he subscribed to a certain effected in one place than they are needed in an effected in one place that they are needed in an effected in one place that they are needed in an effect will be a comparatively simple matter, but, so far as we can gather from a second report by Wu-Ta-cheng devoted apscially to this branch of the subject, there appears to be a good deal of baziness on the all important question of levels.

ORIOKET.

CIVILIANS v. 58th REGIMENT. On the form shown by the Regiment at the close of last season, it was suggested by some exciting struggle; hence an unusual amount of interest attached to the contest of Friday and 7th inst. at the Seamon's Club. Saturday last. Graham, who has hitherto been restricted to a moral support of his side, reappeared in the Regimental ranks, while G. S. Coxon and a guest from Swatow found places | taken was the same as that of last Friday. in the Club team. The wicket, which looked hard. was soon found to be damper than usual, and did had been sufficiently gone into, and he did not afford the foothold that both batsmen and in the matter. He amended his decision of the bowlers desired. Something heavier than dew previous occasion, however, (a fine of \$5) and had made its way on to it; otherwise we have dismissed the charge. to account for a phenomenon allied to that of Gideon's fleece. At 2.15 on the afternoon of the first day, Richardson and Smith, the one play. latter batsman lifted a ball from E. O. Smith to near the Pavilion, where the fieldsman, who could only see something like a sun spot rapidly advancing, declined to interfere. Twenty two had been scored when the old Rugbeian sacri ficed his wicket and made way for Darby, who Sergeant Mann, with carrying on work as helped to knock off the first pair of bowlers and to raise the total to 55 before his partner, in dulging in his well-known proclivities, retired a sadder and, we hope, a wiser man. Wilson and ficient evidence against the defendant, and dis-Maitland tarried not long, the former sucand the latter tamely scooping one into close

square leg's palms. The Captain followed, and though his hand cramped his action, treated the onlookers to a display of sound defensive cricket. A shooter from Churchill having wrecked Darby's wicket, and L. Barff having been smartly in default one week's imprisonment. taken behind the stumps, the elder joined the younger brother, the firm making a determined stand and levying tell to the extent of 30 runs before the partnership was dissolved. The champion thrower was then taken in, and the new association proved very profitable, for the leather was sent flying in all directions; the ladies tent seemed a favourite mark for Barff, who, lowever, was very nearly had in that quarter by ball. The bowling now underwent all sorts of permutations and combinations; but it was not papers: till 50 had been added that Smith broke through Barff's defence. By vigorous play Platthelped his The Tientsin Shih-pao says:-The 10th De | Captain to bring up 200 on the telegraph. When he went Greig succeeded, and was still in at gun fire. Next morning, at 11.30, the last wicket yielded 30 runs before the "heathen Chinee" collared one from Greig. Coxon carrying out his bat for a meritorious 61, of which the last fourth was

made by vigorous driving and cutting. It is difficult to account for the number extras given by the Regiment, for the ground was not bumpy; we will not therefore hazard a conjecture! Of the bowlers, Graham and Major Churchill were the most successful by the officers appointed by the Board of Punish and, amongst the fieldsmen, Huntsman and Higginbotham did good work. Three-quarters of an hour before tiffin, Gra-

ham and Higginbotham started batting for the "Steelbacks" and were both in good fettle. No. 2 at Frontenac, a suburb of Pittsburg. Wilson was not hit much, but Coxon suffered terrible explosion occurred that shock the earth who made a 6 and a 5 by square leg strokes, which spanked the ball into the sea and on the Praya. Such expensive hitting should, in in the car coming up and were near the top Mingled with this natural desire on the part of the Club's interests, give a fillip to the Prayaextension scheme. Meanwhile Higginbotham was playing his own game on the off side. The fielding was not loose, but the batemen kept the balls out of reach, sometimes only just-Things continued merry until Barff came to the rescue and dismissed Graham with a bailer. The score was now 58, of which the retiring pices of the Land League, had taken place on seeks in Korea is a port on the Pacific that will batsman had made 31 by plucky and clean the lands of those who had in various ways not like Vladirostock, be closed by ice for several cricket. The Captain followed, but was soon offended the League, for purpose of damage months in the year. It is true that she has rehad behind the wicket by Darby, who performed policemen from Loughres, Antheney, and other history has shown the value of Russian discreditably for a novice. · TIENTSIN.

A sudden demand for rice has sprung up, indicating that in some districts food will be scarce during the winter. But, as regards this province, taking it as a whole, the year's harvests have been both unusually large and of good

Upon the whole the trade in imported manufactured goods here during the past season has not been satisfactory to those engaged in it, and at the commencement of the winter the holders of foreign cottons and woollen: in particular find themselves encumbered with inconveniently large stocks. It appears that the demand from Mongolia, Shensi, and Shansi has fallen off considerably, and, no doubt, the devastations of the Yellow River, and the ruin of what were formerly the most prosperous parts of Honan, have had much to do with the unsatisfactory conditions of trade that now exist. The vear too, has been unfavourable to the dealers in wool, hides, and straw-braid, and many of the native bankers who had made advances upon cargo brought to Tientsin for sale have lost large sums. must, however, remain in an uncertain state_ until the dealers become more honest. Thoutmost care is still required on the part of foreign

buyers to prevent fraudulent admixture of in-

ferior or worthless material with good.

During the night of the 28th November we had strong squalls of wind, and during the next day much snow fell here and at Peking, but instead of a thorough change, after the unusually long spell of fine, dry, and still weather we far, we have been fortunate in escaping the customery dust storms of the autumn and winso dry that is we should be troubled with a succession of North Easterly blasts the affliction will, indeed, be great. Up to this time, we are glad to say, there is a smaller inflax of destitute poor than usual, and we trust the reason is thatthis year there has been no drought anywhere.

Supplementary Mail on Sunday, the 23rd December, at 9 A.M.

NOW PUBLISHING.

NEW & ORIGINAL SERIAL STORY FROM THE PEN OF RIDER HAGGARD,

Author of "King Solomon's Mines," "Allan Quartermain," "She," "Jess," &c., &c. The Proprietors of this Journal are pleased to announce that they have, at a very considerable outlay, made arrangements with H. RIDER HAGGARD—the Author of the most popular and dramatic Stories of our day-by which their Readers will enjoy precedent perusal of a new and unpublished manuscript Story from his pen.

The Title of RIDER HAGGARD'S New Story is COLONEL QUARITCH, V.C. And the Opening Chapters appeared in THE "HONGKONG DAILY PRESS" OF SATURDAY, 21st JULY.

In this dramatic work, the author of "She makes a new departure. Instead of placing his day. The hero is a soldier in the British army a wearer of the Victoria Cross, who seturns home from the recent operations in the Soudan, to exchange the perils and privations of warfare in among pleasant English landscapes, and the nitimate reward of an ancestral home brightened by the beauty of a comely bride. The plot is in the characters; the scenes are depicted with clearness and a warm glow of local colour, while Not even in "King Solomon's Mines," when entrance is effected into the mysterious chamber. is the thrill greater than when Colonel Quaritch unearths the treasure, hidden away from Cromwell's soldiers, the recovery of which saves an ancient house from ruin. Hongkong, 26th June, 1888
